WELCOME BY THE PRESIDENT OF THE REGIONE DEL VENETO

Dear,

not being able to take part personally to the Italian Middle and Relay Orienteering Championships 2021 that are taking place in our wonderful Cansiglio, I have the pleasure to welcome all the participants.

The Veneto region, which is hosting you, is once again a prestigious location for sports competitions of the highest level. Today, thanks to the commitment of Orienteering Tarzo A.S.D., of its President and Vice-President, we can boast on our territory a sport competition that enhances the Forest. There is no doubt that the proven organizational capacity combined with the extraordinary passion that always moves the members of the Association, added to the availability of adequate services for the hospitality, are key factors to ensure the success of this sporting event.

It is, therefore, a unique experience, a perfect combination of sport and nature, which challenges the athletes' sense of orientation in the "Bosco dei Dogi", a natural landscape that is an integral part of our #VenetoDaAmare.

This event enriches, therefore, the agenda of sports competitions in the Veneto region, many of which had been postponed due to the pandemic, but also represents an important driving force to discover and admire our landscape, architectural and cultural beauties, which certainly constitute the peculiar character of the Veneto territory.

I would like to thank the Association and the unfailing volunteers who, with their commitment, make it possible for the races to take place according to the safety protocols in force, giving a positive message of restart that strengthens the sense of team and gives courage to overcome even the toughest challenges of this difficult historical moment.

Waiting for the next important Orienteering event that will see the Veneto region as protagonist for the 2021 World Cup Final, I would like to extend my best wishes for an excellent challenge to the athletes and a cordial greeting to all present.

Enjoy the race.

dott. Luca Zaia

(President Regione del Veneto)

NUMBER BIBS

All number bibs will be given at the Club's accreditation, printed with the personal race number and departure time of each athlete. It is mandatory to wear it visibly without covering any part of it. Safety needles are available at the Event Office. The first number indicates the leg in the relay race. In case of changes it is important that each runner has the corresponding bib to his own leg.

- 1st Leg runner, numbers from 1001 to 1999;
- 2nd Leg runner, numbers from 2001 to 2999;
- 3rd Leg runner, numbers from 3001 to 3999.

MAXIMUM PERMITTED COMPETITION TIME

Withdrawal athletes **MUST** punch the Finish control (to turn off any SIAC) and **MUST** communicate their decision to the arrival judge. Maximum race time is 2 hours for both races. After 2 hours from the start of the last competitor, control point will be picked up.

TOILETS

Nearby the arrival zone the organization will provide chemical toilets.

TERRAIN

All the races will be held at traditional stony karst terrains. Terrain is hilly with many details. Runnability and visibility are very good. Particularly dangerous holes, mapped with the appropriate symbols (rock hole: **v**) will be fenced with white / red tape on the ground.

GUIDED ROUTES

MW12 classes (Saturday) and MW13 classes (Sunday) will have a guided route between 2 controls because of the lack of obvious guidelines, marked with white tape.

NOTES FROM THE COURSE SETTER

There are many fallen trees; the main ones are indicated with both a root symbol and a green bar. The zones are always passable. Green roots indicate the most obvious trees. Possible presence of snow in some points that does not hinder the running speed.

In the Middle event the difficulty level of the DIRECT category is equivalent to M14, in the Relay event it is equivalent to M16.

SICARD/SIAC NUMBER CHANGE

All Sportident number changes must be notified to the Event Office before the athlete starts. (the change is for free).

MEDICAL POINT / FIRST AID

It will be possible to get medical assistance at the arrival area or at a designated point in the wood (marked on the map with a red cross). We remind you that if you notice someone needing assistance, it is mandatory to stop your race and give your help.

EMBARGOED AREAS

See Bulletin 1 & 2.

CAMPING

Altipiano del Cansiglio is a natural reserve, it is not possible to camp for the night. The Italian Orienteering Federation doesn't allow the clubs to set up any tent in the competition areas.

ITALIAN RELAY CHAMPIONSHIP – 9 MAY 2021

EVENT ARENA

RELAY TEAM CHANGES

Team modifications are allowed up to 8.00 pm on Saturday 8 May 2021, at the Event Office or via email to iscrizioni@ortarzo.it. In case of legs order list changes, runners will have to switch their bibs due to the first runner will run wearing the 1xxx bib, the second 2xxx and the third 3xxx.

MASS START

The mass start area is slightly separated from the finish, it can be reached following the southern path from the main road. Mass starts for the first leg are organized as follows:

1. 10.00 am: M Elite, W Elite
2. 10.10 am: M17, M20, M55, W65, WK
3. 10.20 am: M35, M45, M65, MK, W55
4. 10.30 am: M13, W13, W17, W20, W35, W45, OPEN

Second runners who have not received their change by 11.25 am will start with a mass start at 11.30 am.

Third runners who have not received their change by 12.25 am will start with a mass start at 12.30 am.

Relays teams starting the second or the third leg with a mass start will be ranked after the ones that switched regularly (IOF Rule 24.7).

START PROCEDURES

Competitors will reset/clear their SiCards and check them using the clear and check controls. These stations are located before the entrance to the departure / switch area.

- 1st runner: will enter the start / switch area and goes directly to his own map on the ground (bib number wrote on the back). After the punch of the last control point, he goes through the arrival corridor until he gives the change to his partner with a "fake touch" (avoiding touching himself but making it clear to whom he is switching the leg), he punches the finish, deposits the map, proceeds to the download at the exit.

- 2nd runner: after the first runner passes at the show point (the estimated time from passing to the show point at the last checkpoint is about 5-7 minutes) he enters the switch area clearing and checking his SiCard, takes his map rolled up and awaits the relay mate, who will switch with a "fake touch". Now he is allowed view the map and go to K-point (located 250m ahead) following the main road.

- 3rd runner: same procedure as the second runner. After the last control point, he runs through the finish corridor until he crosses the finish line, punches the finish, proceeds to download and to exit the finish area. In case of a sprint finish (head – head), the competitor who first crosses the finish line will win, not the one who punches the finish first.

To avoid gatherings, a demonstration of the mass start and switch procedures will not be carried out.

INDIVIDUAL CLASSES START

Individual classes will start their competition at the special start point which is 600 meters away from the Event Arena, with punching start system from 10.30am to 12.00am.

CONTROLS DESCRIPTION

Controls descriptions will be printed only on the maps. Text format will be provided only for Beginners (ESO) and MW10 classes.
